

Boiler Circulating Pump Sizing GT220 A Series Water Flow Rates

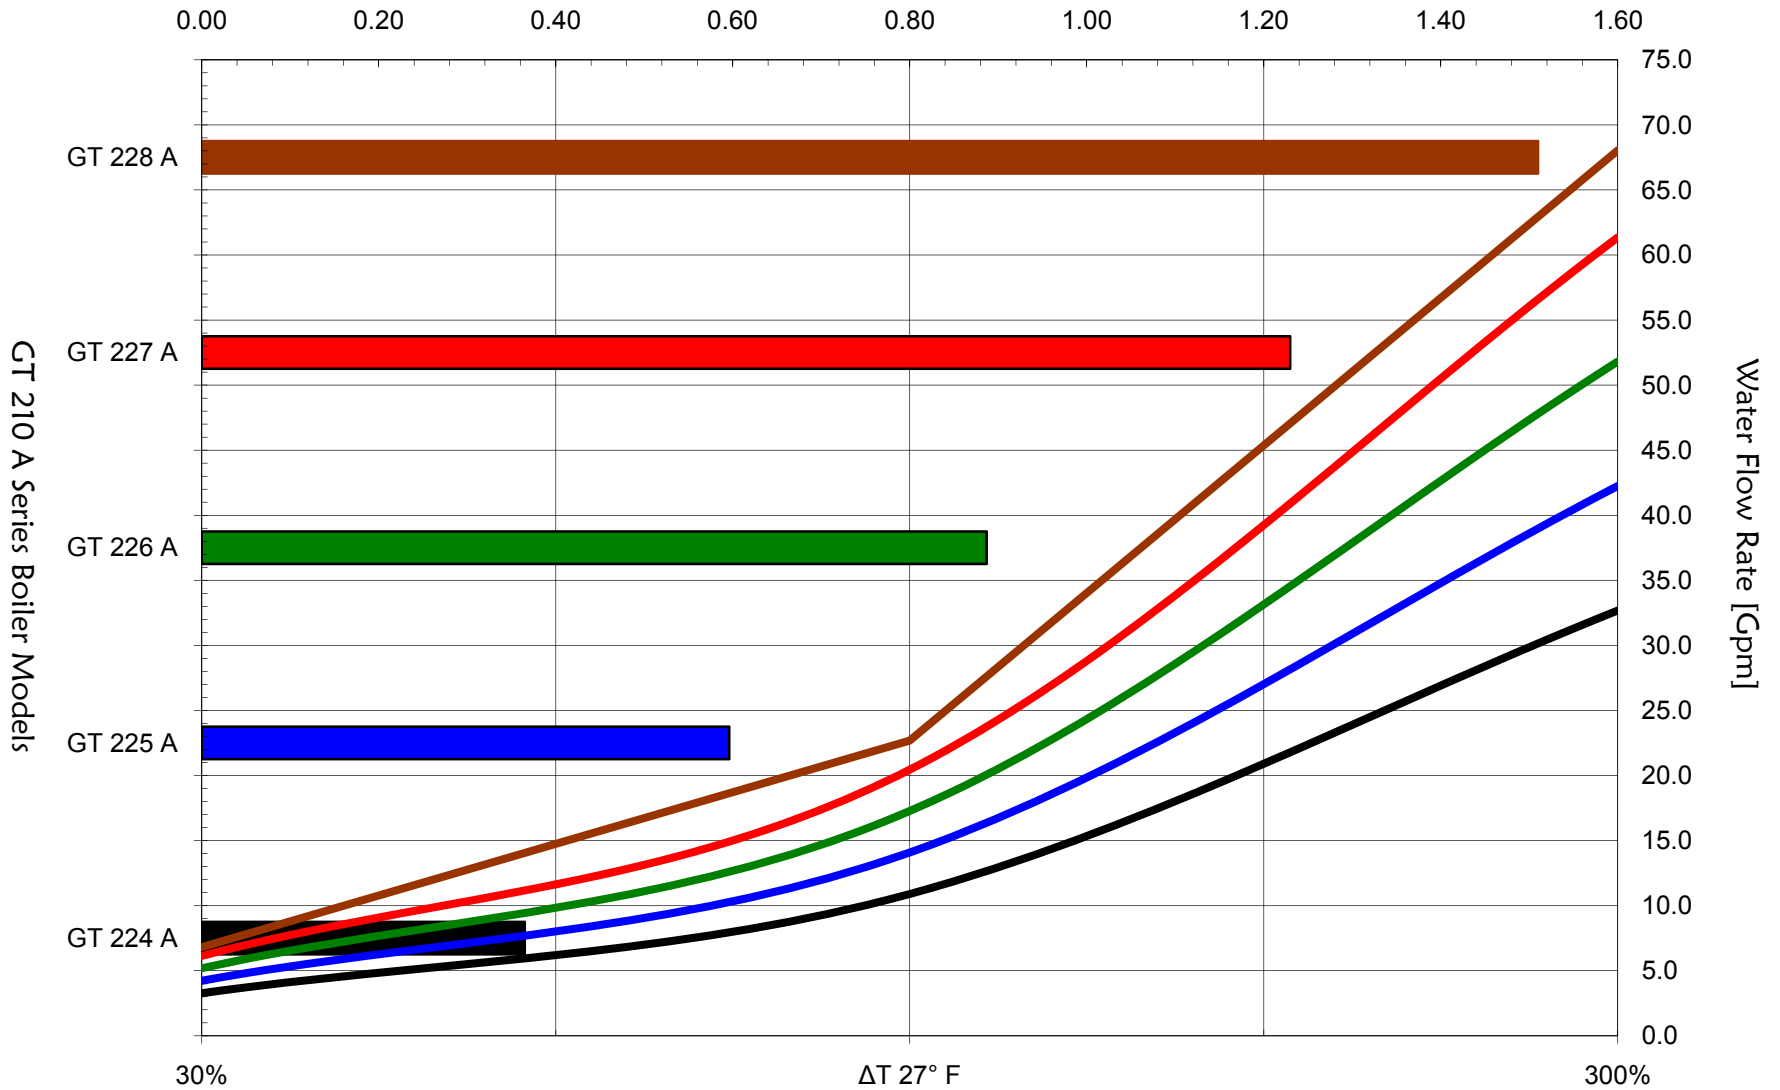

Application Note: Water Resistance Value based on boiler resistance only.
Piping, fittings and other auxiliary items have not be factored.

Boiler Circulating Pump Sizing GT 220 A Series Water Flow Rates

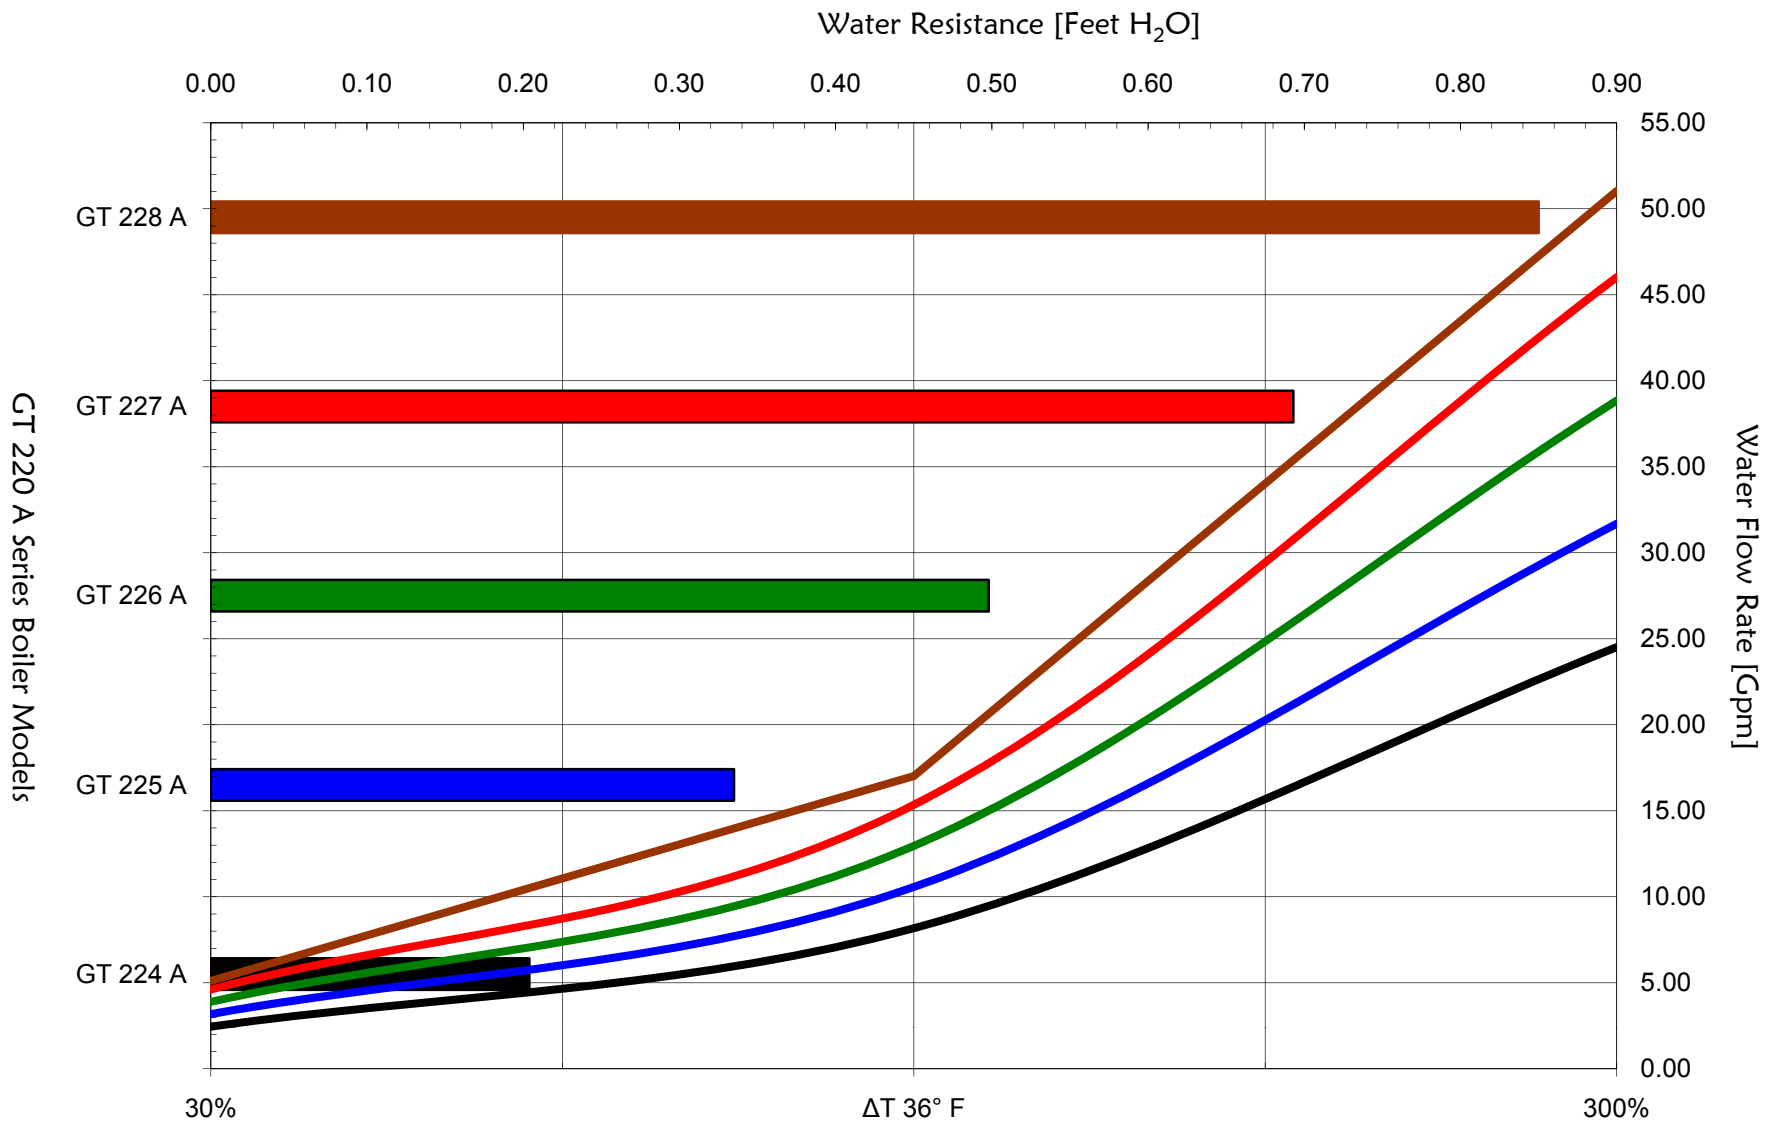

Water Resistance [Feet H₂O]

Application Note: Water Resistance Value based on boiler resistance only.
Piping, fittings and other auxiliary items have not be factored.

Boiler Circulating Pump Sizing GT 220 A Series Water Flow Rates

Application Note: Water Resistance Value based on boiler resistance only.
Piping, fittings and other auxiliary items have not be factored.
